## STEEL PROBERS ASK MORE TIME

WASHINGTON (UPI) — President Eisenhower's fact-finding board in the steel strike asked him today for a three-day extension until Monday for filing its report.

In setting up the board under the Taft-Hartley Act, the President had told the panel to make its report by midnight Friday.

THE REPORT WILL determine whether the President will ask the Justice Department to seek an injunction to halt the steel strike for 80 days.

Prof. George W. Taylor, chairman of the three-man board, at the same time asked for a special meeting Sunday of representatives of management and union to attempt to draw up a list of points on which there is an agreement.

TAYLOR SAID THE extension of time and the special meeting were being requested because of "very grave difficulty in assembling the facts and giving proper analysis and form."

He adjourned today's session until Thursday morning. Taylor told the steel companies that if they wish they can continue their testimony through Thursday afternoon. The steel companies were to have completed presentation of their case by Thursday noon.

Arnold, now free on \$250 bond, is scheduled to face Justice Court arraignment on the misdemeanor charge on Oct. 20.

## JAILED 11 MONTHS BUT SHE'S GONNA BE MOTHER ANYWAY

MEMPHIS, Tenn. (UPI) — Mrs. Lela Fay Fleck, 22, has been in continuous custody in the women's quarters of Shelby County Jail for 11 months, 11 days, as of today.

Nothing unusual about that, inasmuch as Mrs. Fleck was charged with attempt to commit a felony and sentenced to one to five years in jail.

But what is unusual is that Mrs. Fleck is pregnant — and the child is due next month. No one can gain access to the women's quarters unless officially authorized, according to Sheriff M. A. Hinds. Mrs. Fleck, whose pregnancy was discovered Tuesday, refused to name the father of her unborn child.

County Jailor Emmett Armour said he was at a loss to explain how the woman became pregnant.

## New Airport Planned in Palm Desert

Project to Go Ahead if College Bonds Are Passed

PALM DESERT — The Golconda Development Co. of Beverly Hills will build an airstrip here in connection with the \$60 million "Country Club Village" project it has started in this community near Cook Street north of the White-water Channel.

Harry Goldberger, the firm's executive vice president, had announced the airstrip would be built if the \$3½ million bond issue for construction of the College of the Desert were approved.

THE APPROVAL apparently came in yesterday's bond election. (See election story.)

And it was also yesterday — shortly after the polls opened — that Goldberger revealed the intentions of his company.

At present, Palm Desert's only airport is the Desert Airpark, owned by H. L. Gogerty and located within a mile of the proposed site of the new junior college. Gogerty, who is fighting the college board's site choice, claims that if the college is erected at such a short distance from his airpark, he would eventually be forced to close it down because of safety factors.

The Golconda firm's airport would be approximately two miles from the college site.

Goldberger said yesterday he had not mentioned the airstrip project earlier because he did not want to compete with the Desert Airpark.

Presumably Goldberger agrees with Gogerty in apparently believing that the college — if it is erected at the proposed site at the Odell property — will force out the airpark.

PASSAGE OF THE bond issue only means that the way has been paved for financing the college. It does not mean that the voters necessarily approve the Odell site.

Gogerty has already filed for an injunction to restrain the board from building the college on the Odell property which it has already purchased.

Goldberger said his firm's airstrip would be able to accommodate "all types of planes."

THE GOLCONDA Development Company's plans call for a major hotel, housing development, shopping center, 18-hole golf course and a 50-bed hospital in addition to other features.

The Country Club Village is planned as a three-year development program covering at least 1,000 acres. Streets in the development are now in the process of being laid out.

WINDING UP THE TALLY in yesterday's bond elections, poll officials count ballots at Frances Stevens School in a scene repeated at 19 polling places scattered throughout the Palm Springs Unified School and Coachella Valley Junior College Districts. Ballot counters pictured here are, left to right, Harriet Hecht, Patricia Rogers and Mrs. Claude Valeur. (Desert Sun Photo).

## Ike, Hagerty Congratulate Sun on Progress

Distinguished best wishes on the achievement of six days of publication were received yesterday by The Desert Sun — from Capitol Hill.

Presidential Press Secretary James Hagerty, who accompanied President Eisenhower on the latter's eight-day vacation rest here, wrote Desert Sun President George E. Cameron, Jr., and Publisher Ward J. Risvold:

"I have just learned that The Desert Sun... will publish daily Monday through Saturday. 'May I extend the best wishes of the President to you and the members of your staff,' Hagerty continued. 'This expansion of The Sun's publication to their readers will be a fine public service.'"

"May I also, on my own behalf, wish The Sun the best in this endeavor."

The communication came from Washington, D.C.

## COURTS DECIDE QUARRY TITLE BUT HE'S DISSATISFIED

INDIO — A dispute over the title to a rock quarry and mine in the Dale mining district erupted into a fight yesterday and one man was arrested.

Taken into custody by sheriff's deputies was Earl J. Geiger, 44, a miner from Twenty-nine Palms. He was charged with battery, threatening with a deadly weapon, and petty theft. The arrest was made on a complaint of Clyde F. McGuire, who said he was at work in his quarry when Geiger drove up and ordered him off the property, claiming he had title to it.

McGuire said Geiger hit him, knocking off his glasses and hat. He said Geiger also threatened him with a gun he was carrying in a holster, but no shots were fired.

McGuire said the Riverside Superior Court had studied the dispute last August and decided in his favor, denying Geiger's claim to the mine and quarry.

## VAN DOREN MUM AT PRESS MEET

NEW YORK (UPI) — Charles Van Doren, 33, refused at a news conference today to discuss charges of television rigging.

The English instructor who won \$129,000 on the defunct quiz show "21" said he had been unaware until Tuesday that House investigators had issued a subpoena for his appearance before them. The subpoena was served by a member of the committee staff a few minutes before the news conference summoned by Van Doren's attorney.

OUT OF DEFERENCE to the committee, Van Doren said he would not discuss the hearings before the press, radio and television.

Van Doren apologized to newsmen for his public disappearance after his suspension from a \$30,000 a year NBC television job last Thursday night. He said he didn't know he was of such interest to the press and had not known reporters were looking for him.

HE SAID THAT last Thursday

he was "so distressed at events of the past few days, including my suspension by NBC, I decided to take the week off to think." He and his wife went to New England, he said, "to try to find solace in the October beauty of the country."

"We walked in the woods and climbed some mountains," he said. "It was not until Monday that I heard about the committee wanting me."

## Red Chinese Warn Indians

NEW DELHI (UPI) — The Chinese Communists have warned a unit of India's Assam Rifles Brigade occupying the border post at Khimzamene to withdraw at once or be forced out, it was reported today.

A correspondent for the Times of India reported from Shillong, on India's southern border near Tibet, that the Communists did not tell the Indian troops how far back from Khimzamene outpost they must pull to satisfy the Red demand.

## Local, College Bond Issues Successful

CVJCD Nets Slim 22-Vote Margin In Ballot Test

Jubilant officials of the Palm Springs School and Coachella Valley Junior College Districts yesterday marked a double-barreled victory in yesterday's bond elections by launching preparations for \$7,600,000 worth of school building programs.

Palm Springs School District voters balloted 1,990 to 814 to approve a \$4,160,000 bond issue, according to unofficial but complete returns from eight precincts.

FINAL RETURNS show the Palm Springs issue passed with a margin of 362 votes beyond the required two-thirds majority — but it was strictly a hairline victory for the college bonds.

Only 22 votes spanned the margin between defeat and victory for a \$3,500,000 junior college bond issue that polled 3,486 "Yes" ballots and 1,732 "No" markers.

It was a tense race for college officials who were unable to determine the final outcome until the last of 19 precinct returns were counted late last night.

EIGHT ABSENTEE ballots still remain to be counted in the junior college bond election, but college officials said that the late-arriving ballots could not affect the unofficial two-thirds victory insured by their 22-vote buffer.

A total of 8,022 yes and no ballots were counted in both elections, which were conducted simultaneously on separate ballots. More votes were actually cast, but several were rejected for various reasons, including improper marking.

The victory of the college bond issue was attributed to voters outside the Palm Springs Unified School District, since Palm Springs voters rejected the college bonds by a 300-vote margin.

PALM SPRINGS voters marked 1,764 Yes ballots and 1,043 No votes for the bond issue but the deficit was erased by voters in the lower valley.

Returns from 11 Coachella Valley precincts tallied 1,722 "Yes" and 689 "No" votes.

All but two of the eight Palm Springs precincts offered a two-third majority for passage of the local school bond issue.

## Martial Law Ends Rioting in Congo

MATADI, Belgian Congo (UPI) — Martial law was clamped on this Belgian Congo port city today following the death of six Africans shot down by police in a riot Tuesday night.

Twenty more Africans were reported injured when police opened fire on about 300 demonstrators in the African quarter who had gathered there in defiance of a curfew. Twelve Europeans were hospitalized after being manhandled by demonstrators.

THE 1960 LINCOLN, available in the Continental, Lincoln Premier and Lincoln series, goes on display at Palm Springs Lincoln-Mercury Thursday.

MERCURY'S COLONY PARK, top model of the station wagon line, is displayed by Bill Podell, manager of Palm Springs Lincoln-Mercury as an example of the new styling by Mercury for 1960.

EDSEL IS ALL-NEW for 1960, says Paul Smolker, co-owner of Palm Springs Lincoln-Mercury, as he shows off an economy model of the new Edsel line, which goes on display here Thursday.

## LINCOLN, MERCURY, EDESEL TO MAKE DEBUT THURSDAY

Three new cars for 1960 — Lincoln, Mercury and Edsel — stage a triple-header debut Thursday at Palm Springs Lincoln-Mercury, auto dealers Al Sirrot and Paul Smolker announced today.

Three series of fine cars are featured in the Lincoln 1960 line—the Continental, the Lincoln Premier and the Lincoln — Sirrot reported.

**EMPHASIZING DRIVER** enjoyment and passenger comfort, the 1960 Lincoln series features a redesigned roof with a "town car" look; a redesigned instrument panel to augment the new look in the interior; a new rear suspension for a more luxurious ride and greater handling ease; and a new carburetor for improved performance and smoother idling.

Appearance-wise, the 1960 Lincoln has modified grille work front and aft, newly styled front bumpers and a reshaped roof that offers improved frontal and rearward visibility, Sirrot noted.

### Lecture Set At Woman's Club

"The City That Existed Before the Moon" will be the subject of a lecture by Ric and Miche Williamson, who have just returned from South America, at 8 p.m. Friday, at the Woman's Club House, 314 South Canyulla.

changes have improved the mechanical reliability of the 1960 Lincoln engine and chassis and safety is accentuated by a new brake lining that offers 60 per cent more braking life.

All-new for 1960 is the distinctively styled and functionally designed Mercury, which has body, frame, suspension, engine and transmission precisely blended to provide a new standard in riding comfort, Smolker reported.

Mercury, featuring completely new body styling, also has several important design changes in its three V-8 engines to improve economy and performance and give greater reliability and a smoother, quieter operation.

**ALL ENGINES** have the fuel-saving two-barrel carburetors and two of the Mercury engines are designed for maximum performance on regular gasoline.

"Mercury engines have succeeded in completely insulating the body of the car from the running gear, resulting in an exceptionally smooth ride," Smolker said.

Also new from bumper to bumper is Edsel for 1960, which fea-

tures new styling, a new wide-tread, long-spring ride and a price that is competitive with top models of the "popular three," Sirrot announced.

**SIRROT POINTED** out that Edsel's third year in the market represents its third year of marked design changes. It is the lowest, widest, most spacious Edsel in the car's history, he said.

Completely redesigned this year, Edsel is one inch lower, almost three inches wider and five and one-half inches longer than the 1959 model.

**MOST INTERIOR** dimensions have been increased for greater passenger comfort and the increased tread, together with a lower center of gravity, make the Edsel one of the most road-hugging cars in the industry, Sirrot asserted.

Basic engine for all Edsels is the 185-horsepower Ranger V8, which operates on standard gasoline and incorporates a number of improvements for greater economy. A high performance, 200-horsepower engine is also available as an extra-cost option.

## Government Bonds Gain New Interest

N. Y. Reserve Bank Publishes Booklet Answering Questions

By ELMER C. WALZER  
UPI Financial Editor

NEW YORK (UPI)—More and more people throughout the nation are seeking information on government bonds, notes and bills.

And, as if by a sixth sense, the Federal Reserve Bank of New York has just published a book which gives all the answers.

**THIS RENEWED** attention being paid governments was built up when the Treasury floated a 5 per cent, four-year-and-ten-month issue of notes and got \$11.1 billion in subscriptions after asking only for \$2 billion.

That five per cent short term issue was the highest interest rate the Treasury has paid since 1929. And it also set an all-time high record for \$1.2 billion of 91-day bills at 4.265 average interest in competitive bidding.

**THE NEW YORK** Fed's new book, "The Money Side of the Street," is on Wall Street's money market, the world's leading money center.

It was written by Carl H. Madden, manager of the bank's public information department. Madden not only knows his subject but he writes so all who read can understand the intricacies of an intricate market.

**HE DEVOTES** a whole chapter to the treasury bill market which for its short term issues is a definite part of the money market along with such instruments of credit as federal funds, bankers' acceptances, commercial paper, currency and check money.

In that chapter, he also devotes considerable space to the government securities market which is all done over-the-counter.

The vast government debt amounted to about 65 per cent of the value of the nation's output of goods and services in 1958.

**THERE ARE THREE** parts to the debt: Special issues sold to government agencies and trust funds which are not marketable; U.S. savings bonds, also unmarketable; and about \$176 billion that can be bought and sold. Of these, about \$30 billion are treasury bills; \$36 billion of certificates of indebtedness; \$26 billion of notes and \$84 billion of bonds.

Treasury bonds are listed on the New York Stock Exchange but seldom are traded. The over-the-counter market which trades in them and other government marketable securities is made up of 15 to 20 dealers firms and their branches and five dealer banks.

## COLLEGE BOARD NOW HAS 'SEVEN' MEMBERS--McGAHEY

The Coachella Valley Junior College District Board of Trustees seems to have acquired two new members, without benefit of election, Board Member David McGahey reported today.

McGahey, a Palm Springs attorney, noted that the two members were "added" in a Superior Court complaint filed against the board "to halt acquisition of its Palm Desert site by Hotelman Hank Gogerty."

The complaint, McGahey noted, specifically named "board members" McGahey, Don Mitchell, Ray Runmonds, William A. Mason, William Cook, Dr. Roy McCall and Gail Brumwell.

McGahey pointed out that the complaint stipulates that "all facts are true and verified," so, McGahey quipped, "Gogerty and his attorney seem to have appointed two new trustees—McCall (who is college president) and Brumwell (the district business manager)."

## BRIDE SLAYER'S TRIAL MONDAY

INDIO — County Public Defender Scott Dales said today he hopes to enter a plea of guilty to second-degree murder on behalf of Henry Whitfield, the Indian Wells youth scheduled to go on trial here Monday for killing his 14-year-old bride.

Whitfield, 17, has already admitted shooting the girl, Edna Mae Whitfield, through the head with a .22 caliber rifle as she stood on the steps of her parents' home on the Swingle Ranch near here the evening of July 13.

**THE GIRL DIED** within an hour at Casita Hospital and Whitfield, who shot at her from behind a tree in a date grove adjoining the home, was taken into custody immediately.

If the guilty plea is accepted by the Superior Court here, Whitfield will not stand trial but will probably be turned over to the California Youth Authority.

Dales, asked about the possibility of a guilty plea, said, "We've been working on it" and if it can be done it will be Thursday during reading of the court calendar.

**"WE'RE TRYING** to compromise the matter so the interests of justice can best be served," he said, adding that under a second-degree murder plea the boy could be sentenced to between five years and life.

Dales said that because the suspect was under the age of 18 at the time of the slaying, he could not receive the death penalty.

The young couple had been wed only five weeks when the slaying took place. They were married June 10 after receiving court permission because of their ages.

**THEY HAD GONE** to live on Smurr Street in Indio. The shooting had occurred on a Monday, and they had separated the previous Thursday and returned to the homes of their respective parents.

Witnesses and family friends

gave jealousy as a motive in the slaying. They said the two had fought during most of their short marriage.

J. E. Shelly, the girl's father, said at the time of the shooting that his daughter had marks on her cheek where Whitfield had slapped her shortly before the separation.

## MORE ABOUT FROM PAGE 1 — BONDS

Hot Springs, both of which voted against the college bond issue, registered 63 yes and 60 no and 213 yes and 141 no, respectively, for the local issue.

Officials of both school districts, jubilant over the outcome of the double election, today expressed their appreciation to the electorate.

"The Board of Education of the Palm Springs Unified School District and all members of the staff sincerely wish to thank the voters for the necessary support of the school district's construction and site acquisition program," said Schools Supt. Dwight Twist and Board of Education President B. H. Poliak jointly.

**"ALL THOSE** associated with the school district will now be able to plan for the future knowing that the citizens of the district desire and will support good schools," the joint statement said.

Junior college trustees expressed their "sincere thanks to all the workers of the citizens committee and others who helped to make this bond election a success and to insure the early opening of the college."

"This includes all those who expressed their faith by voting 'Yes' at the polls," the board statement said. "To those who voted 'No' we can only say that we are sorry for our inability to communicate to you the facts and reasoning necessary to warrant your confidence."

## Brown Asked To Expand Site Check

Thousand Palms Chamber Submits Official Request

Special to The Desert Sun

THOUSAND PALMS — Chamber of Commerce directors here have asked Gov. Edmund G. Brown to extend his proposed investigation of the Palm Desert junior college site "to the very beginning" of site selection actions.

Chamber President Mina Welcome said, in a letter to Governor Brown, that the chamber board of directors "have reasons to believe" that some of the college sites offered in this area were never inspected.

**IT WAS THE** third time in the past week that Governor Brown has been asked to probe the current controversy embroiling the Odell Ranch college site.

An "unofficial observer" asked the governor to investigate charges by the college Board of Trustees that the California Aeronautics Commission was "influenced by private interests" when it ruled against the site because of its proximity to Hotelman Hank Gogerty's private airport.

**THIS REQUEST** was followed this week by a resolution from the Board of Trustees supporting the investigation promised by Governor Brown.

In her letter to the governor, Mrs. Welcome asked that the investigation begin at the preliminary actions by the college board in selection of a school site.

**SHE SAID** the chamber directors felt that Thousand Palms area sites offered at prices of half the amount of the site chosen were never inspected by college or state school house planning officials.

The letter requested investigation to determine "to what extent the college Board of Trustees investigated the various sites."

## Trailer Rally Officials Get Dance Caller

Palm Springs Trailer Rally officials today solved a major problem.

Twice they have secured callers for their Square Dances during the Rally on Friday and Saturday, Oct. 23 and 24, only to have the U.S. Army change their minds.

**FIRST SIGNED** was Cal Golden. He was transferred to Greenland. Then came Bion Henderson — and he went to Denver.

Paul Harrison, Rally director, today secured the services of Jimmy Morris.

Morris, an Englishman, is 29 years of age, and started calling in 1951. He met his wife, Beryl, at the Woodbury Square Dance Club in London, where he called during the winter of 1958. He is credited with being a major factor in the introduction of American square dancing into England, and served as first president of the British Association, American Square Dance Clubs.

**IN 1956 HE WAS** chairman of the Square Dance Caller's Club.

The Oct. 24 dance will be co-sponsored by the Airstream Trailer group, Wally Byam's Caravan Club, with the Rally Association engaging the Bertha Holdeman orchestra of Colton to appear at the Playhouse that night.

## Happy Birthday to Ike! The Presents Came Early

WASHINGTON (UPI) — President Eisenhower already has received a flock of gifts ranging from a 440-pound baby elephant to a silver-plated golf putter and his 69th birthday wasn't until today.

The President's other presents included a hand-tooled leather golf bag from Mexican newspaper radio and TV reporters, three red oak trees from the Republican National Committee and the Senate and House GOP campaign committees, and a life-size bust of Eisenhower from visiting Mexican President Adolfo Lopez Mateos.

EISENHOWER, meanwhile, gave a gift of his own. The White House disclosed that he presented Lopez Mateos with a pale blue

a gift from the White House Correspondents Association. Jones presented it to the surprised President at the group's birthday banquet Monday night.

The golf bag and the bust also were presented at the stag dinner.

### Mateos Defines Economic Need

CHICAGO (UPI) — Mexican President Adolfo Lopez Mateos told foreign investors this week the door is still open for them in his country, but the economic development of Mexico "must be the task of Mexicans."

### CHESSMAN LAWYER TO ASK U.N. PLEA FOR CONVICT'S LIFE

SAN FRANCISCO (UPI)—The attorney for condemned convict-author Caryl Chessman is considering asking the United Nations to intervene in his case.

Attorney George Davis said the idea of appealing to the U.N. came to him as the result of petitions from Sweden, Brazil, Australia, New Zealand and England to spare Chessman's life.

Chessman faces execution in the San Quentin prison gas chamber for kidnap and rape. He was convicted in 1948.

Davis indicated he would ask members of the U.N. General Assembly from those countries the petitions originated to press for a resolution urging Gov. Edmund G. Brown of California to spare Chessman's life.

### Tax Exemptions Hit 1½ Billion Dollars in State

SACRAMENTO (UPI) — Private property assessed at nearly 1½ billion dollars was exempted from California tax rolls this year, according to the Board of Equalization.

The board said that this tax free amount, \$1,472,678,000, accounted for nearly 6 per cent of all property on local rolls in the state.

The exemptions went to veterans, welfare and education agencies, churches and colleges.

The average veteran got a \$57 deduction in his property tax bill this fiscal year. The board said that 1,195,307 veterans qualified for exemption, representing 30 per cent of approximately four million householders in the state.

## HERE'S WHAT MAKES the CORVAIR REVOLUTIONARY

Short and sweet! Engine's in the rear—where it belongs in a compact car. With more weight on rear wheels, you get extra road-gripping traction for cornering and driving on ice, mud or snow. Also, by avoiding nose-heaviness of front-engine compact cars, Corvair handles easier, brakes better, rides smoother. Styling of both 4-door models is clean and uncluttered... as fresh and functional as modern architecture.

### Unpack Power Team

Engine, transmission and drive gears are neatly wrapped in one lightweight package. Takes less space, leaves you more.

### UNISTRUT BODY BY FISHER

Body and frame are combined into a single rigidly constructed unit that reduces Corvair's weight, enlarges its passenger space.

### Practically FLAT FLOOR

Corvair is America's only compact car with a virtually flat floor that gives you full 6-passenger comfort. For extra space, folding rear seat converts easily to make room for 17.6 cu. ft. of cargo. \*Optional as extra cost.

### TRUNK'S UP FRONT

Lots of luggage space under the hood, where it's convenient for groceries, packages.

### NEARLY 3 FEET SHORTER

Corvair's almost 5 inches lower, 1,300 pounds lighter, too. Its compact size makes it a joy to jockey through traffic, a pleasure to park. No need for power assists.

### AIR COOLED

You never have to fuss with antifreeze. Turbo-Air 6 warms up quicker, with less wear on parts. Air-plane-type heater\* goes to work almost instantly. \*Optional at extra cost.

### Revolutionary Rear Engine

works small miracles with mileage. It's the world's first production 6 with the ultra-smooth power of horizontally opposed pistons.

### 4-Wheel Independent Suspension

Springs at each wheel cushion bumps independently of each other for a ride that rivals much costlier cars.

...and the most practical thing of all is Corvair's **LOW PRICE!** see it drive it **Corvair** BY CHEVROLET

AND THE **HAPPIEST DRIVING COMPACT CAR** you ever drove!

## LAW MAY ASSIST PRIVATE COURSES

Assemblyman Lee Backstrand today pointed out the possibility of private golf courses disappearing from the California scene, due to the ever increasing assessments (and taxes), and said that the Legislature acted at its last session to prevent this possibility.

But, he added, it requires a constitutional amendment to remedy the situation, and the people will vote on the measure in November, 1960.

## State to Seek \$70 Million for College in 1960

SACRAMENTO (UP) — The Department of Education will seek nearly \$70 million to run California's state colleges next fiscal year, Public Instruction Superintendent Roy E. Simpson announced today.

He said the total, \$69,600,000, would include funds for operation of the new Stanislaus County State College due to open next September.

The current year's state college budget totaled \$55,400,000 in state funds. This is \$19,000,000 less than sought for next year.

Simpson said the department also would seek at least 50 million dollars for expansion of campus facilities. But he said this would not include buildings for any of the new campuses in Alameda, Orange and Stanislaus Counties.

SAYS RICKEY

## Senators Can't Hurt New Loop

By JACK CUDDY  
United Press International  
NEW YORK (UPI) — Branch Rickey predicted today that the Washington Senators will not claim a jump into the new Continental League's territory at Minneapolis, despite next Friday's meeting of the Washington directors to consider the attempt.

Rickey, 77-year-old president of the Continental circuit, added "and even if this very improbable move should occur, I can assure you the Continental League will survive."

A reporter asked the bushy-browed older in the horn-rimmed glasses if the Continentals would put up a fight to prevent the shift to Minneapolis if the Washington directors favored it Friday.

"I don't care to discuss what we may do until after Col. Griffith and his directors make their decision," said Branch, smiling confidently across the glass-topped desk in his headquarters at the Commodore Hotel.

Griffith is president of the Senators.

"Would you appeal to the Senate's Kefauver sub-committee?" "I have no desire to take the matter to the Kefauver committee," Rickey replied quickly.

He added: "I don't believe organized baseball will back this move, even if the Washington club wants it. It's merely a one-club motivation. And it's certainly not in harmony with the Aug. 18th statement by the two major leagues that they would cooperate with a third major league. And I don't believe the commissioner would want it."

**One of Chartered Sites**

Minneapolis-St. Paul is one of the sites chartered by the Continental League in its franchise plans for starting operations in 1961. The other chartered sites are Denver, Houston, New York and Toronto.

Other franchise applicants being given serious consideration are New Orleans, Atlanta, Dallas-Fort Worth, Buffalo and Montreal.

"We've never gone after applicants," Branch emphasized. "We could have a dozen more applicants if we made the effort."

## MONEY SAVER

### Season Badges For Ryder Cup

Season badges for the International golf tournament, the Ryder Cup Matches, at Eldorado Country Club, between United States and Great Britain, Oct. 31 through Nov. 7, will be on sale at the Palm Springs Chamber of Commerce at a reduced rate, it was announced today by Chamber Manager Jimmy Cooper.

The season badges will sell for \$15 if purchased in advance of the tournament, which is a 50 per cent reduction from the regular prices that will prevail at the gate.

Villagers are urged to take advantage of this tremendous savings and enjoy the top-notch golf that the two teams will bring to the desert area.

Representing the United States will be Sam Snead (captain), Julius Boros, Jackie Burke Jr., Dow Finsterwald, Doug Ford, Jay Hebert, Carl Middlecoff, Bob Rosburg, Mike Soucek and Art Wall Jr.

On Great Britain's team will be Dai Rees (captain), Peter Allis, Ken Bousfield, Eric Brown, Norman Drew, Bernard J. Hunt, Peter Mills, Christy O'Connor, Dave Thomas and Harry Weetman.

## Little Heads Board

PHILADELPHIA (UPI) — The Liberty Bowl Association has named former Columbia University football coach Lou Little to head the selection committee which will name the teams for the Dec. 19 post-season classic.

## Braves Place Four Men on NL All Stars

Wally Moon Only Member of Dodger Champions Chosen

NEW YORK (UPI) — Wally Moon, who staged a fine comeback after a 1958 flop, was the only member of the world champion Los Angeles Dodgers named today to the United Press International's 1959 National League All-Star team.

The 24-man committee, made up of three baseball experts from each city in the league, selected four members of the second-place Milwaukee Braves, two stars each from the San Francisco Giants and Cincinnati Reds and one Chicago Cub to round out a 10-man squad. The team boasts two 21-game winners and a .309 team batting average.

**SELECTED FROM THE BRAVES** were catcher Del Crandall, slugging third baseman Ed Mathews, batting champ Hank Aaron and pitcher Lew Burdette. Outfielder Willie Mays and 21-game winner Sam Jones were picked from the Giants, first baseman Frank Robinson and second baseman Johnny Temple were the Reds selected, and shortstop Ernie Banks was the Cub honored.

Robinson and Orlando Cepeda of the Giants finished with 10 votes each in the balloting for first base but the tie was resolved in favor of Robinson because he also received five votes as an outfielder.

Jones and Burdette compiled identical 21-15 records and each pitched four shutouts. Each of the eight regulars played in at least 145 games, only one batted less than .300 and they totaled 248 homers — or an average of 31 apiece for the season.

**THE COMPLETE VOTING POSITION** by position:

Catcher: Del Crandall, Braves, 21; Snooker Burgess, Pirates, 2; Ed Bailey, Reds, 1.

First Baseman: Frank Robinson, Reds, 15; Charlie Neal, Dodgers, 8; Don Blasingame, Cardinals, 1.

Second Baseman: Johnny Temple, Reds, 15; Charlie Neal, Dodgers, 8; Don Blasingame, Cardinals, 1.

Third Baseman: Ed Mathews, Braves, 18; Ken Boyer, Cardinals, 6.

Outfielders: Hank Aaron, Braves, and Willie Mays, Giants, 23 each; Wally Moon, Dodgers, 10; Robinson, Reds, and Vada Pinson, 8 each; Joe Cunningham, Cardinals, 4; Gus Bell, Reds, and Duke Snider, Dodgers, 1 each.

Pitchers: Sam Jones, Giants, 21; Lew Burdette, Braves, 21; Warren Spahn, Braves, 9; Elroy Face, Pirates, and Johnny Antonelli, Giants, 3 each.

## Specialists Going After New Mark

NEW YORK (UPI) — College football's kicking specialists are booting field goals at a record pace this year.

With less than half of the 1959 football season gone, a survey of 110 major college teams shows 73 field goals kicked, a rate of one every 5.6 games.

A total of 48 teams have registered at least one three-pointer, and some squads boast as much as three for the campaign to date.

The major colleges set an all-time record last season of 103 field goals, an average of one in every 5.6 games. But with goal posts widened from 18 feet, six inches to 23 feet, four inches this season, the three-pointer has become even more popular.

## McElhenny Out Of 49er Line-Up

MILWAUKEE, Wis. (UPI) — Coach Red Hickey of the San Francisco Forty Niners said today that halfback Hugh McElhenny would probably miss the Detroit game this Sunday although he has been running as well as ever.

McElhenny, who suffered a broken hand against the Rams 11 days ago, worked out for the first time Tuesday, with no apparent ill effects. However, Hickey said he would probably keep his ace flanker-back out of the Lions tilt "just to play it safe."

### Five New Bowl Games Approved In NCAA Ballot

NEW YORK (UPI) — College football teams will have a record 15 NCAA-approved bowls from which to choose this year.

Executive Director Walter Byers announced Monday that the NCAA extra events committee has approved five new post-season games — making the largest total ever certified since the committee started its program in 1951. There had been as many as 31 post-season games before the NCAA enacted legislation in 1951.

The five bowls certified for the first time are the Aluminum, Bluebonnet, Flower, Liberty and Santa bowls. The Citricado Bowl at Escondido, Calif., approved last year, will not be played in 1959.

The NCAA list does not include such games as the Shrine, Blue-Gray, North-South and Senior bowls because they feature senior stars who have finished their varsity careers.

The NCAA regulations provide that no member institution may participate in a post-season game unless the game is certified; no institution play in more than one such game during any academic year, competing institutions be allocated not less than one-third of the total stadium seats, and an extra events committee of the NCAA shall determine whether given contests meet the NCAA requirements.

The list of certified games:

Nov. 21, Mineral Water Bowl, Excelsior Springs, Mo.  
Dec. 12, Flower Bowl, New Orleans, La.; Bluegrass Bowl, Louisville, Ky.  
Dec. 19, Bluebonnet Bowl, Houston, Tex.; Liberty Bowl, Philadelphia, Pa.  
Dec. 25, Santa Bowl, Houston, Tex.  
Dec. 26, Aluminum Bowl, Little Rock, Ark.

Dec. 31, Sun Bowl, El Paso, Tex.  
Jan. 1, Cotton Bowl, Dallas, Tex.; Orange Bowl, Miami, Fla.; Prairie View Bowl, Prairie View, Tex.; Rose Bowl, Pasadena, Calif.; Sugar Bowl, New Orleans, La.; Tangerine Bowl, Orlando, Fla.  
Jan. 2, Oyster Bowl, Jacksonville, Fla.

### Ancient Archie Insists He's Not More Than 42

HOLLYWOOD (UPI) — Archie Moore, oldest fighter ever to wear the light-heavyweight crown, tonight has his life story re-created on television, but the aging champion would admit only to being 42 years of age despite being caught by surprise.

Moore was the subject of NBC's "This is Your Life" telecast, taped Tuesday night, having been tricked into appearing on the program when asked to show Los Angeles sports writers scenes from the movie "The Adventures of Huckleberry Finn" in which he makes his debut as an actor.

Master of Ceremonies Ralph Edwards tried to catch Moore by surprise when he asked the champion his age as he was being brought before the television cameras.

"I am as old as they say I am," Moore glibly replied. "I am 42 until Dec. 13."

Moore, who is reputed by some to be at least 50, was joined in the recreating of his life story by Rocky Marciano, only heavyweight champion to retire undefeated, and by Jack (Doc) Kearns, famed manager of 10 world champions including Jack Dempsey, Mickey Walker and Benny Leonard.

"It's guys like this Archie Moore that made me retire," Marciano declared. "He showed me more tricks in one round than most opponents did in 15."

## Rams Choice By Three to Beat Packers

By EARL WRIGHT  
United Press International

The Los Angeles Rams are three-point favorites to smash the National Football League's only remaining perfect record Sunday when they tackle the Green Bay Packers at Milwaukee.

Los Angeles is favored although it dropped two of its first three games while Green Bay, surprise team of the campaign, swept its first three starts.

In another key Western Division game, the champion Baltimore Colts (2-1) are slim, one-point choices for their game with the Bears (1-2) at Chicago. The Lions (0-3) are favored over the San Francisco Forty-Niners (2-1) by two points at Detroit in the other Western Division clash.

**THE NEW YORK GIANTS** are Sunday's heaviest favorites. They are 6½ point choices to whip the Eagles at New York although they took a 49-21 walloping from the Eagles two weeks ago at Philadelphia.

New York, Philadelphia and the Washington Redskins are tied for the Eastern Division lead with 2-1 records. The Redskins and Pittsburgh Steelers (1-2) are rated even for their game at Washington. In the other Eastern Division pairing, the Browns (1-2) are 4½ point choices to beat the Chicago Cardinals (1-2) at Cleveland.

The Rams, who feature long-range offensive power, are favored over Green Bay although Bill Wade, their No. 1 quarterback, has a knee injury which may hamper him. Wade likes to fire long passes to Jim Phillips and Del Shofner. Jon Arnett, his other top target, is injured. The Packers also must stop Ollie Matson, who cracked the Bear line for 199 yards during a 28-21 Ram triumph last Sunday.

## Williams Slight Favorite in TV Battle with Lee

HOUSTON, Tex. (UPI) — Curley Lee, the brash newcomer from Los Angeles, puts his fastmoving drive for a shot at the world heavyweight crown on the line tonight in a nationally televised match with dangerous Cleveland Williams.

The 210-pound Williams was a slight favorite going into tonight's 10-round ABC-TV battle starting at 6 p. m. P.S.T., but some observers said this was only because the "big cat" was better known here than Lee.

Reports from the West Coast indicate the 22-year-old Lee is considered by some as the best sleeper bet to elude his way to a world heavyweight challenge.

## Last Rites Said Today for Bell

PHILADELPHIA (UPI) — National Football League Commissioner, Bert Bell, under whose guiding hand professional football assumed the heights of popularity and financial stability, was buried today at Calvary Cemetery near historic Valley Forge, Pa.

Interment followed a Solemn Requiem Mass at St. Margaret's Roman Catholic Church in suburban Narberth which was attended by the great and near great of the sporting world and numerous players whose welfare Bell always had in mind.

Bell died of a heart attack Sunday.

## Milwaukee to be Choosey is Word

MILWAUKEE (UPI) — The Milwaukee Braves "are going to be a little choosey" in selecting a replacement for retired manager Fred Haney, General Manager John McHale admitted today.

McHale said the Braves have not interviewed anyone in connection with the vacancy but added "we've talked about possibilities" in front office meetings.

## CHICO LOOKING FOR MAN WITH MEMORY ABOUT LOCAL GOLF

Chico, the caddy, wonders how good the memories of the local golf fraternity are.

He has what he calls a golf riddle.

What well known local tycoon playing with a famous screen personality saw his opponent shoot out of bounds on a five-par hole and still make a hole-in-one?

It happened on a local course and Chico wonders if anyone recalls the tycoon, the personage and the course.

## THE OLD PRO RETURNING

### George Howard Due Back this Weekend

George Howard, golf pro at O'Donnell Golf Club for more than a quarter of a century, left Broodmoor Country Club, Seattle, where he has been pro for many years, yesterday and expects to be back here this weekend to start his 27th year.

With Howard's return the two weekly tournaments at O'Donnell Club, one for men and one for women, are expected to be resumed for the 1959-1960 season.

**HOWARD IS PRESIDENT** of the National Seniors Open Golf Association which is sponsoring the United States Senior Open Championship tournament in the Palm Springs area December 1 to 6.

Leading Senior professionals and amateurs will compete in the six-day event scheduled to be played on the Bermuda Dunes Country Club and Eldorado Country Club courses.

He also supervises the Women's Invitational, also held annually for many years.

Larry Sitter, manager of O'Donnell received word of Howard's expected arrival, this week.

## BOWLING

Pink Burro maintained its lead in the Mixed Doubles League at Palm Springs bowl and after five nights of competition, had a 13-7 standing. Dill Lumber and Foster Freeze were tied for second at 11-9; Hoams Pools and Team Number Three tied for fourth at 9-11 and Janis Enterprises had a 7-13 mark.

Pink Burro foursome rolled the high team series, 2139 and also the high team game, 741.

Martha Bill scored a 494 series to lead the women and Bob Blauvelt 511 to top the men.

Lee Bowman's 174 game was high for the women and Blauvelt topped the men with an even 200.

### SERVICE LEAGUE

After four weeks of action in the Monday Service League at Palm Springs Bowl, Fred's Texaco still held the lead with a mark of 12-4. Two teams were tied for second, Strebe's Wilshire and Hoams Pools, with 10-6 each.

South Shell had an 8-8 mark, Police Department, 7-9, and Brookside Dairy, 1-15.

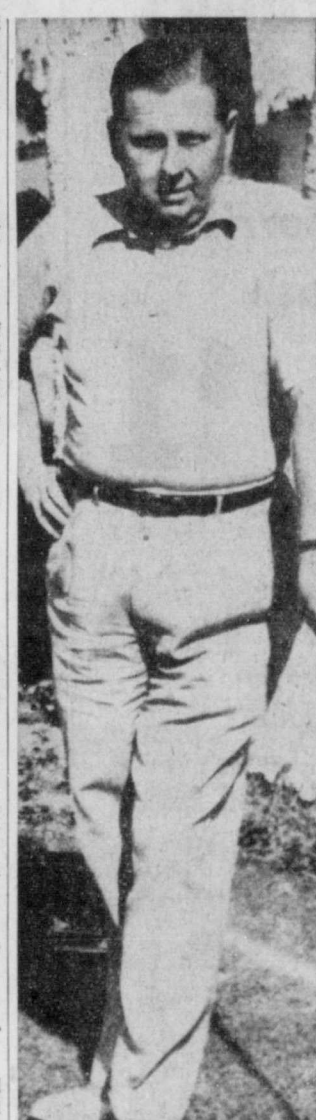

Fred's Texaco bowlers rolled the high team series in the fourth night, 2710, and the high team game which set a new mark for the season, 965. The season record to date for high team series is held by Strebe's Wilshire at 2790.

Bob Connelly of Fred's Texaco had the high individual series, 515. High season individual series mark is held by Warren Strebe of Strebe's with 549.

Mike Diederich of Fred's Texaco knocked over 225 pins for high in the fourth week. This is also high for the season.

Won and lost records for the Service League teams and total pins follow:

## Troy Favored by 8 Over Huskies

NEW YORK (UPI)—Texas and Southern California are favored to win their respective "meeting" of the unbeaten engagements with conference rivals Saturday.

The Longhorns, ranked third in the nation, are seven-point favorites to hand Arkansas its first defeat of the season in their Southwest Conference headliner at Little Rock, Ark.

Sixth-ranked Southern California is an eight-point choice for its Big Five Conference clash with Washington at Seattle.

The South's top weekend attraction — pitting fourth-ranked Georgia Tech against 11th-ranked Auburn — was rated a toss-up. Top-ranked Louisiana State was chosen by 14 over Kentucky, and second-ranked Northwestern is a 13-point favorite over Michigan.

In the biggest Friday night game of the week, Navy was picked by five over Miami, Fla.

## Amateurs And Pros Team Up

Another Name tournament has been added to the long list of noteworthy golf events for which Palm Springs is famous — the Ranch Club Pro-Am which gets under way next Monday morning at the sporty new course.

It will join the traditional tournaments which have long been synonymous with Palm Springs' name as the Winter Golf Capital of the World.

**RANCH CLUB GOLF** managers are enthusiastic over the event which they declare will be one of the finest in this area.

Professionals from local golf courses each will team up with three amateurs from this area in the event.

For the initial Ranch Club Pro-Am, one day has been set aside for the tournament which will cover 18 holes.

**INCLUDED** in the list of pros from local courses are Eddie Sullala of Indian Wells, Elly Vines of Tamarisk, Zell Eaton of Palm Springs, Ed Vines, Bermuda Dunes and Joe Calwell of Ranch Club.

A buffet and cocktail party will follow Monday's tourney.

All pros in the area are invited to take part and, if they have not been contacted, are urged to call Calwell at the Ranch Golf Club.

## Speed Action in Charges Against Fight Promoters

NEW YORK (UPI) — Counsel James P. Fuccas of the New York State Athletic Commission today began drawing up specific charges of misconduct aimed at revoking within two weeks the licenses of three principals in the mobster-financed Johansson-Patterson fight promotion.

Fuccas is acting upon orders contained in the commission's preliminary decision Tuesday against:

—Rosensohn Enterprises, Inc., which promoted the June 26 fight wherein Ingemar Johansson of Sweden won the world heavyweight crown from Floyd Patterson, and which has a return bout contract.

—Bill Rosensohn, former president of Rosensohn Enterprises, who admittedly borrowed \$10,000 from mobster Tony Salerno and allegedly arranged for \$75,000 credit, apparently from Salerno.

—Gus D'Amato, manager of Patterson, who allegedly tried to perpetuate control of the title by handpicking managers for challengers, and who allegedly acted as an undercover promoter.

## Carter Flattens Smith in Fourth In Comeback Try

RICHMOND (UPI) — Jimmy Carter, seeking to win the world's lightweight crown for the fourth time, took a first step on the comeback trail Tuesday night by knocking out Jimmy Smith of Oakland in the third round of a scheduled 10-rounder.

Carter, the only man to win the title three times, caught Smith flush on the jaw with a smashing right. The Oakland fighter went down for the count — and was unconscious a full minute before he was revived by the ring physician.

Both fighters came in at 140 pounds.

## Art Wall's on Top But Who's Going to be in Second Spot?

DUNEDIN, Fla. — Who's going to finish second to Art Wall Jr. in the PGA's 1959 "dollar derby?" Wall was Tuesday voted the Golf Pro of the Year by the PGA.

Wall, the fifth man in history to win more than \$50,000 in one year, is far in front in official statistics released today by Harold Sargent, president of The Professional Golfers' Association of America.

With \$33,142.60 in the till, the 35-year-old Pennsylvania was a shoo-in for the money title. However, any one of seven or eight touring professionals could surge into second position.

**THE CURRENT RUNNERUP** is Gene Littler, winner of five tournaments on the 1959 PGA Tour, with \$37,121.43. Dow Finsterwald is third, with \$31,836.80, and Mike Soucek fourth, with \$31,807.69.

Still very much in the race, however, are Bob Rosburg, the

Art Wall, Jr.

1959 PGA Champion, with \$31,676.75; Doug Ford, with \$30,324; Arnold Palmer, with \$23,303.81, and Bill Casper Jr., with \$28,149.39.

Wall, third in the Vardon Trophy race the last two years, is

still leading the pack in average strokes per official round. He has 70.15 for 113 rounds, compared to 70.64 for both Doug Ford and Mike Soucek.

**HEADING THE TT Point Standings** again is Doug Ford, who led the Top Tournament Player table in 1957.

Ford has 2,201.50 points, compared to 1,969.50 for Wall, 1,870.50 for Gene Littler and 1,833.50 for Jay Hebert. Dow Finsterwald, first in 1958 and second in 1957, is now fifth with 1,757.00.

In the two-year run for places on America's 1961 Ryder Cup team, which began a month ago, Julius Boros and Marty Furgol share first place. Finsterwald is third, with Bob Duden and Jay Hebert tied for fourth.

Boros, Finsterwald and Hebert are members of the 10-man team which will represent America in the 1959 matches at Palm Desert, November 6-7.

HERE'S PROOF that I wasn't just telling fish stories, said Joe Eicher of Simsimar, Inc. Palm Springs as he showed friends this picture taken at Lake Mead near Las Vegas. EARL WILSON:

# Zsa Zsa 'Settles' Strike at Dinner

NEW YORK — Right at the peak of the steel strike, Zsa Zsa Gabor dined swankily at the Colony with United Steelworkers Prez David J. McDonald and Phil Regan. "I was perfectly innocent, because the union boss is a pal of Zsa's off-and-on-again fiancé, Hal Hayes. Anyway, Ben Fairless, retired U.S. Steel boss, was observing from the next table. . . . Jack Barry couldn't attend a Friars' razz session for Jack E. Leonard due to the quiz show unpleasantness in Wash'n but he wired Leonard: "I hope you're getting more laughs than I am." . . . B'way hears that Barry'll prove his innocence but that several big ones are "being thrown to the wolves" in secret testimony.

Jackie Gleason, shocked by the Mario Lanza death, ordered himself to watch his weight and give up feasting. . . . Lanza's illnesses (including diabetes) had left him befuddled and with little will to live. . . . CBS is amazed at reports Arthur Godfrey and David Susskind are talking a deal. . . . Jack Paar made good. Mike and Elaine do a friendly impression at the Blue Angel of him interviewing a lady novelist describing her honeymoon. "Jack" holds his head and groans. "There goes the network!" . . . Beautiful Kit-

ty Dolan of the new Latin Quarter show says some chorus girls are self-conscious and some are self-unconscious.

Judy Holiday was understandably upset in Hollywood — she had to record some of the "Bells Are Ringing" songs to match the phrasing with which Dean Martin had already recorded them — which wasn't the way she'd introduced them on B'way. But with boy friend Gerry Mulligan and Jule Styne standing by encouragingly, she did it. . . . After publicist Al Davis hit the headlines with his Quiz Show testimony, getting bigger type than his ex-partner Art Franklin, he said, "After all these years, I finally got top billing." Jack E. Lenoard, at his testimonial which he m.c'd, said, "Today we're honoring one of the nicest fellows I ever met." He called Johnny Ray "One of our lucky singers — he can turn himself off."

Ann Corio and Bob Williams (of the dog act) are scrapping over \$400,000 in California community property — the stakes including the top dog, a Springer Spaniel named Louie. "Jerry Lewis raises Springer Spaniels and gave us this dog; he belongs as much to me as to Bob," says Ann. "I don't want to take the dog and hurt the act; I just want a fair settlement." Ann helped train Louie "and with my burlesque background, I helped write some material for the act"; presumably some of Louie's ad barks. . . . The Diners Club is snickering. Joseph Magrila, the credit card kid, tried four times to get a Diners Club card and was turned down four times.

The case of a stripteaseer who says maybe the show must go on, but it better hadn't, because she's pregnant, is up before AGVA. . . . Londoners Michael Flanders, in wheel chair, and Donald Swann, at the piano, are a delight in "At the Drop of a Hat." Loved their hi-fi spoof; one lyric something about, "It all depends on the hi-touch, it helps if you don't like music much." . . . Dorothy Loudon had us yawling at the Blue Angel about New Orleans cooking: "The chicken is always fried in Louisiana and if I lived in Louisiana, I'd be fried, too."

THE MIDNIGHT EARL. . . . Cara Williams was at a B'way cafe alone, and John Barrymore Jr. (solo at another place) said there'll be no reconciliation. . . . A famous TV star was barred from the Harwyn, forced to sit in the cotroom. (No scandal—twas Rin Tin Tin). Gwen Verdon's off the TV tribute to Mrs. Roosevelt (because of the black eyes she accidentally got from Ingemar Johansson). . . . At Leone's: Lauren Bacall with Sydney Chaplin. . . . Eartha Kitt dieted off 16 pounds — down to 97—for "Joliet's Progress."

Ava Gardner'll record the music from "On the Beach" for Columbia. . . . Tallulah Bankhead spent her time backstage at the Revlon TV'er telling Lisa Kirk how the Giants would win the Series. . . . The top sales execs of a major film company were asked to take a salary slash. One said Nope and quit. . . . The McGuire sisters bought apartments in Ft. Lauderdale, Fla. Rhonda Fleming'll debut her cafe act in Miami this winter.

Sir Laurence Olivier was asked to do a portion from "The Entertainer" on the TV spectacular, "Music From Shubert Alley"; the producers are willing to tape it in London.

TODAY'S BEST LAUGH:

An Army nurse relates she once had a dangerous experience—she was stationed in a ward where the patients were almost well.

LOUIS ARMSTRONG—better known today as "Ambassador Satch"—opened a brand-new show last night in the Chi Chi's Starlite Room with clever patter, solid backing and trumpet playing that did not

mirror his serious illness in Italy this spring. "Satch" and Company are augmented by Chop Chop and Charlene and the Bill Alexander Orchestra.

## 'SATCHMO' HEATS UP STARLITE ROOM

"Ambassador Satch" brought the concepts of American jazz to Japan, Africa, Sweden, France, Norway, Iceland and a host of other locales.

Last night Louis Armstrong — returned to another musical frontier — Palm Springs — with a show in the Chi Chi's Starlite Room that is both musical and entertaining.

FROM THE MOMENT Armstrong opened with the plaintive "Sleepy Time Down South" until he closed up shop with the vibrant "Saints Go Marchin' In," he and his sextet — plus amply-endowed vocalist Velma Middleton — held the Starlite Room patrons in their palm.

This is the same basic group that Louis has used in all of his enormously successful concert tours — with one exception — and this wealth of experience together pays huge dividends. It almost seems that trombonist Trummy Young and clarinetist Peanuts Hucko anticipate each Armstrong ad lib.

The balance of the sextet includes Billy Kyle, piano; Mort Herbert, bass, and Danny Barcelona, drums.

THERE ARE SOME hugely satisfactory moments in this new Armstrong show.

One of them would have to be the teaming of Velma Middleton with Satch in "St. Louis Blues." "Don't You Know" and — in the second show — "Baby, It's Cold Outside." If memory serves, it was this latter selection that completely broke up a 1954 or 1955 concert in the Pasadena Civic.

Another high point is the utilization of the trio within the sextet to achieve some purely modern, not traditional, jazz sounds. Adding clarinetist Hucko, the foursome did a rendition of "After You've Gone" in which Hucko did

everything but break glasses on the table.

BUT IT'S ARMSTRONG, admittedly wearying after spending most of his 59 years with a horn to his lips, who commands the show.

"My makeups coming off," he sighs, wiping his brow with that ever-present handkerchief before launching "Now You Has Jazz." The tune features Armstrong dueling with Young whom Louis refers to as "Bing Crosby in Technicolor."

The very deft, very plausible Chop Chop — aided by Charlene — opens the show which also features the Bill Alexander band. It's as good a show as any club-goer has a right to expect — and better even than that.—G. L.

# Dear Abby

DEAR ABBY: I am a boy of 16 and she told me I should take kissing lessons. I don't know if she was serious or not because I have kissed a few other girls and none of them ever complained. Do boys

ever need kissing lessons or is this girl expecting too much? NEEDING LESSONS DEAR NEEDING: Does a duck need swimming lessons? There is usually more honest affection in an amateurist misfired kiss on the nose than in the cultivated technique of the experienced lover.

DEAR ABBY: Would you please reprint a letter signed TOO LATE that you had in your column last winter? It changed my way of liv-

ing, Abby, and I bless you for it. Perhaps it will do for someone else what it has done for me.

SAW THE LIGHT DEAR SAW: With pleasure; here it is: DEAR ABBY: I am the most broken-hearted person on earth. I always found time to go everywhere else but to see my dear old gray-haired parents. They sat home alone, loving me just the same. It is too late now to give

them those few hours of happiness I was too selfish and too busy to give. And now when I go to visit their graves and look at the green grass above them I wonder if God will ever forgive me for the heart-aches I must have caused them. I pray that you will print this, Abby, to tell those who still have parents to visit them and show their love and respect while there is still time. For it is later than you think.

TOO LATE

DEAR ABBY: I have just broken my engagement and want to know what things I positively have to give back. He gave me a hope chest, a clock radio, a wrist watch and an engagement ring. I know that possession is nine-tenths of the law and am wondering if maybe I am not entitled to keep everything. I broke the engagement, but the feeling is mutual.

BROKEN ENGAGEMENT DEAR BROKEN: Possession may be nine-tenths of the law, but it's the other one-tenth that could get you into trouble. You must return his engagement ring. And if I were you, I'd pile all the other items into the hope chest and return them, too — since there is no hope.

CONFIDENTIAL TO MRS. D. D. G.: Would you allow your child to eat garbage? Then why do you permit her to read such trash? Replace those 4-letter words with another 4-letter word—"LOVE"—and give her something worthwhile to read.

## U. N. Halts Vote On Member for Security Council

UNITED NATIONS, N.Y. (UPI)—The General Assembly yesterday called off until next Monday its marathon voting for a Security Council seat with Poland and Turkey deadlocked after 25 ballots.

Neither Soviet-backed Poland nor U.S.-backed Turkey approached the two-thirds majority required for election.

A MINOR TREND was developing for Yugoslavia as a compromise candidate for the seat which Russia contends was permanently allocated to Eastern Europe under a 1946 "gentleman's agreement." The U.S. contends that agreement was for one year only. After today's 25th ballot, British delegate Harold Beeley proposed that voting be suspended until next Monday. The Assembly agreed.

THE ASSEMBLY voted Monday, 43 to 11 with 25 abstentions, to put Communist China's suppression of the anti-Communist revolt in Tibet on its agenda for full debate.

In U.N. parlance the crushing of the revolt was described as a suppression of human rights. Ireland and Malaysia, which sponsored the request for a Tibetan debate, had no plans to press for immediate consideration.

## Student Council Attends Meeting

By MARALEE MORRIS Hi again from the CAMPUS CORNER.

Last week Student Council members Bill Ivey, Jojo Rosin, Sue Rolapp, Jean Morrison, Georgia Morris, Moira Henderson, Richard Kite and Kurt Bloesser, accompanied by Dr. Seamus Nunan, attended Student Government Day at Redlands University. The group attended such meetings as Functions of Student Judicial Systems, Functions of Girls' League, How Do You Determine Financial Priority in the High School Budget, What are Resources for Assemblies?

PRESENTLY OUR big project is to make a big success of the P-TA Back To School Night and Chuck-a-luck dinner. Students are selling tickets for the Thursday, Oct. 15, event. Everyone is invited. Tickets are \$1.50 for adults and 75 cents for children under 12.

The seniors had a class picnic Friday. It looked like a convention of red and white, as Friday was also a color day. Music was played and the latest edition of Smoke Signals was issued. In it, by the way, was an excellent article by our foreign exchange student, Wolf-Dieter Boenecke of Germany.

FRIDAY AFTERNOON the student body attended a pep assembly, in which the senior class pre-

ented a skit. Mary Lindenstein, Jojo Rosin, Bill Haber, Phil Staley and Frank (Suss) Ripley presented the skit with a tiger hunt, or rather a San Jac Tiger Hunt, as the theme.

At the sophomore Soc-Hop Friday night Bob Johnson and Dave Lyons, talented PSHS drummers, challenged each other in a dual of drums. The dual ended in a draw with a roar of applause from the audience.

Industry sources expect three and a quarter million power mowers to be purchased in the U.S. this year.

CITY OF HOPE'S membership tea and champagne cocktail party will be held next Sunday afternoon at the Avenida de Los Palmas home of the Edwin Silvermans. ## Garden Setting for Party

The Edwin Silverman home at 962 Avenida Palmas will be the setting for an elaborate tea and cocktail party on Sunday, October 18, from 4 to 6 p.m., when Palm Springs Chapter of City of Hope will welcome new members.

Mrs. David Slatin, membership chairman, reports that the event will launch the group's participation in the national campaign for additional members to join its activities on behalf of the free, nonsectarian National Medical

Center at Duarte, California. Guests will hear a report by Dr. Ralph L. Byron, director, Hospital for Tumors and Allied Diseases, and Chief of General and Oncologic Surgery of City of Hope. Before coming to City of Hope, Dr. Byron served first in the U.S. Navy Medical Corps during World War II, then later taught surgery at the University of California Medical School for a number of years. He was assistant director of the university's Cancer Re-

Research studies by Dr. Byron include "Combined use of x-ray surgery and Chemotherapy in the Management of Neoplastic Diseases." ## Ed Peffers Celebrate Their Golden Wedding Anniversary

They started in 1919 — she, Frankie Billow, attending the University of Idaho; he, Ed Peffer, selling pianos in the West. The country was a verdant green, the moon was always full — and they got married. There were three pianos to a wagon load and they unloaded them on unsuspecting musically-minded farmer parents. This multiplied, not in offspring, but it became a large furniture business in Northern California at Stockton, an early Radio Station, then TV Station, and a farm with champion Belgian horses and registered Jersey cattle. And now, for the past 11 years

the Peffers have had a winter home here in Las Palmas. Early this year, after retiring from businesses, they have built a very new home here on West Stevens Road which Arthur Elrod decorated. This is where the Peffers officially celebrated their Golden Wedding with a dinner party which included Dr. Oscar Johnson of Sacramento, the Leonard Woods from Idaho, Mr. and Mrs. Horace Penderly, their neighbor Dr. Benjamin Goldberg, and others. Diamonds are a girl's best friend, so the Peffers are starting on to seventy five, with at

## 'Now—Just Cruise Around Capital Hill

STAN DELAPLANE:

## This Side Of The Sun

By Phat

The Village days seem gone for good, Now of Big Things we talk, But one part of the past remains, The sand on which we walk.

Anyone who left Palm Springs five years ago and returned today wouldn't know the place. There've been so many changes.

WE'RE A BIG CITY now. Big City in growth, plans, policies, activities, traffic, ideas.

The days when you could jay-walk, take off at any point and walk diagonally to some spot on the other side of the street are gone. And so are you if you try it.

Make a U-turn in the middle of the block now as you once did when you changed your mind, and you'll say Good Morning Judge to Gene Theriaue.

YOU CAN'T cut across from Palm Canyon Drive to Indian Avenue at whatever vacant lot you happen to see on the Drive. Too many buildings, no vacant lots.

You can't come out of your apartment in pajamas on a Sunday morning and walk a half block to the nearest drugstore to buy a paper. That would cost you, too, although it used to be done.

YEAH, THE OLD DAYS when you could park your car in front of a competitor's store and leave it there all day, are gone. You'd get soaked but good now. Still, while we are booming and growing, some of the stuff which old-time Villagers remember nostalgically, is still here. We're a Big City but still have some Village items left.

FOR INSTANCE, sidewalks. There is an old saying that if you ever got sand in your shoes, meaning walked on the desert, you'd be back.

But you don't have to walk out on the desert to get sand in your shoes.

There are places within the heart of town where there are no sidewalks and walking is just as dusty as when we were just a little Village.

THERE ARE SPOTS in the 100 and 200 block on Indian Avenue which will take you back. Stretches which can dull a nice gleaming shine within a few steps.

With but a few exceptions, the streets are no wider now than they were then although the traffic has increased one hundred-fold.

With a few minor additions, we have no more streets to handle this traffic than we had then.

AND WITH ALL of this increasing pedestrian and motor traffic, we still have our hazardous intersections with no signals.

The only traffic lights in town are far out of town. It's great to be in a big and booming city but the transition has its drawbacks.

We've lost many of the pleasures of a Village which is o.k. in view of the growth but we've retained some which do not jibe with the growth.

Oh, well, I come back every year, don't I?

## Man's Best Friend

The social news from Philadelphia is excellent. A garden party for dogs was given by Mrs. John Wintersteen.

"The party was given at the Rittenhouse Square home of her bachelor brother, Henry P. McIlhenny," reports the society editor of the Evening Bulletin. ("In Philadelphia nearly everybody reads the Bulletin.")

IN HONOR of the occasion, Caesar of the Barclay sent over a ten-candle cake. Mrs. Wintersteen served the dogs marrow bones from a solid silver platter.

Caesar of Barclay was not identified further. But I guess everybody in Philadelphia knows Caesar — a dog lover.

THE DOGS SAT on chaise longue. A pig named "Hominy Grits" was there. So was a brown poodle named "Chien" and a Great Dane by name of "Theodore von Kelmor."

Mr. McIlhenny was in Ireland. I don't blame him. IT SEEMS THE party was given in honor of an SPCA fashion-luncheon show which is on today. Mrs. John Wintersteen threw this bash for the dogs in advance.

There was a John Wintersteen who press-agented Mr. Henry Kaiser some years ago on the West Coast. He was transferred to Philadelphia. I wonder.

Though it has long been touted that dog is man's best friend, it really seems to me that it is vice versa. Man is a dog's best friend.

NO DOG EVER threw a party for me. Oh, yes, there was Mike, my boxer. He used to THINK he was throwing a party for me. But actually all he did was climb in my lap — all 90 pounds of Boxer. That was his idea of doing something nice for me.

In return, I kept him in hamburger. I removed the ticks he picked up in the woods (you pour a little whisky on them; the tick gets tight as a tick and you pull him off when he opens his mouth to yell "whoopie!")

HE RUBBED in poison oak while he was picking up those ticks. Therefore we both itched fearfully. We had some wonderful scratching parties.

However, he never served me anything on a silver platter. And I never got a ten-candle cake from him.

NO DOG HAS ever left me any money either. In Reading, Pa., a 4-year-old dog by name of "Boston Blackie" was invited to the office of Carpenter, McKillop and Smith, attorneys.

"Dog," they said (Carpenter and McKillop said it; Smith was out on an ambulance call). "Dog," they said, "you have just hit for 50 Gs. Which is quite a score for a dog."

The lawyers then explained to the dog that his mistress, Mrs. Ruth Maurer, had passed to her reward. She had left this \$50,000 to the dog in her will.

THE DOG, NATURALLY, was shocked — both by his loss and his gain, as you might say. He had never had 50 grand. But the attorneys told him he would soon become accustomed to it.

They offered to handle his affairs, invest in sound stocks and advised him to keep a complete record of expenses for the income tax people.

So far as I know, the arrangement has been satisfactory. "Boston Blackie" continued to live a simple life and he was not mentioned at the Wintersteen party. Though Reading is no great distance from Philadelphia.

I SUPPOSE THESE things depend on the dog. If somebody had left my Boxer \$50,000, he would have invested the whole thing in hamburger. He never really got enough. He ate two pounds a day and still gave me staring looks. Like an orphan peering in a bakery window on Christmas Eve.

In Ireland, Inspector Patrick Pender investigated an illegal whiskey still. He found an Irish setter and a spaniel on the premises. Both drunk as lords and singing "Old Erin Shall Be Free."

It would be a mistake to leave money to irresponsible dogs like these. It would be a mistake to invite them to a party. Dogs like these would probably not be interested in marrow bones on a silver platter. They would be off in the butler's pantry. Pinching the maids and belting the champagne.

## MIKE CONNOLLY:

## Marilyn for 'Gypsy'

HOLLYWOOD — Sol Siegel, 20th-Fox's bossman, has the inside track on the movie version of "Gypsy." Sol is sizing up Marilyn Monroe to star across "Let Me Entertain You," as socked on the Main Stem by Sandra Church. And who else for the role of Marilyn's swing-in stage mother but the gal who originated the part — Ethel Merman.

Evy (Miss Denmark) Norlund brushed up on her Swedish and greeted Ingemar Johansson at International Airport in LA as follows: "God morgon — gratulerar!" meaning "Good morning — congratulations!" The heavyweight champ came right back at Evy with: "Thanks, doll, but if this is really California where's your suntan?"

JOAN COLLINS is no longer to producer George Englund what Brunehilde was to Siegfried. George reconciled with his wife, Cloris Leachman, and is taking her and their two children to Thailand next month for the shooting of his and Marlon Brando's next independent movie, "The Ugly American."

One of those anti-something-or-other groups solicited the assistance of ex-Quiz Kid Vanessa Brown. Vanessa: "I never lend my name to causes like yours—I'm an actress, not a politician." Solicitors: "We don't want your name, Miss Brown, we've got BIG stars for that — what we want is money."

Robert Q. Lewis thought up a new name for those out-all-night switchblade types who spin records in Hollywood's open-late music shops: Grooveline delinquents.

THE STAGE manager for producer Paul Gregory's Broadway-bound musical tacked up a checklist in a Hollywood rehearsal hall asking the entire cast and crew of "The Pink Jungle" to list opposite their names where they'll be stopping in the first tryout city, San Francisco.

Gregory wrote "Cliff." Ginger Rogers wrote "Huntington." Aggie Moorehead wrote "Palace Hotel," and one of the showgirls, apparently assuming something else, wrote "Taken care of." . . . P.S.: Manager straightened out the doll by explaining he wasn't about to find a room for her, he was just ASKING.

## Opportunity for Adults

Few indeed are the adults who are "too old" to learn new ways of self improvement and the further development of individual talents or abilities with increased benefits to themselves and added pleasure in their daily lives.

Many adults are perhaps overlooking the fact that a wealth of opportunities in a wide range of subjects and skills are available to the public in the free classes conducted four evenings weekly at the Palm Springs High School.

Having the desire to do so, there is scarcely a person who could fail to find several classes of particular personal appeal in one or more fields covered, extending through practical and vocational training, to aesthetic and academic subjects.

Provided in the arts are instruction in both beginning and advanced landscape and portrait painting, color photography and vocal music in the mixed chorus. Crafts include lapidary, jewelry and dressmaking.

Vocational training is offered in bookkeeping, accounting, shorthand and typewriting with apprenticeship courses for men in carpentry, plumbing, electrical and telephone trades.

Academic courses feature English, Spanish and French languages, physical science and United States history.

For those adults who have the time, desire and frequent need for self improvement through increased knowledge, skill, greater ability and advanced talent in any of these educational fields, attendance at the Adult Evening School will be of direct personal benefit and enrich their lives immeasurably.

If you are one who would like to participate and "go to school again" contact the local high school office without delay.

The wisest, happiest and most successful people are those who never stop in their pursuit of knowledge and self improvement.

## Food Stamps Explained

By HUBERT H. HUMPHREY

U.S. Senator, Minnesota

Through the courtesy of Mr. Holmes Alexander, I have been given the opportunity to turn guest columnist and discuss the food stamp program which was debated and passed by the United States Senate on Labor Day.

In a recent column, Mr. Alexander made some rather surprising references to my proposal to improve the distribution of surplus foods to needy people in our country. Obviously, he and I do not agree on the extent of the obligation of the Government to aid helpless and hungry American citizens.

AS WE ALL KNOW, the Government has acquired vast quantities of agricultural commodities under programs designed to stabilize farm production and marketing. Rather than let good food waste in expensive warehouse storage, the Government has distributed some of this surplus at home through the National School Lunch Programs, to welfare clients, and overseas to help alleviate famine and want under the provisions of Public Law 480.

During extensive hearings held this spring by the Senate Committee on Agriculture, it became apparent that the distribution of surplus food here at home was not meeting the real need. The Senate Committee on Agriculture agreed that it would be helpful if the Department of Agriculture explored the possibility of distributing surplus commodities by some form of food stamp or food allotment program.

Therefore, it favorably reported a bill to establish pilot food stamp programs that would utilize the normal channels of trade.

ON LABOR DAY, the Senate was discussing the extension and expansion of the law authorizing the use of U.S. food to aid the needy abroad. I felt it appropriate to introduce the Committee-approved measure to benefit American citizens as an amendment to this foreign aid bill.

To be exact, the amendment which I offered and which passed the Senate, would have provided for trial runs of varying food stamp allotment programs in not less than three or more than six communities where the greatest need existed. A maximum sum authorized for use in a two-year trial was \$15 million.

THERE ARE TODAY more than 5 million welfare clients eligible to receive surplus food under the present system. These people are not by any means to be considered beggars.

They are the aged, people who have lived past their gainful working years and who were not able to lay aside sufficient worldly goods to last out their lives.

They are the dependent children, children who have no income-earning parent, either because of death or desertion.

THEY ARE THE unemployed, men and women able and willing to earn their living, for whom there are no available jobs. In mid-August, there were 3,426,000 unemployed workers in this country, many of whom were not eligible for unemployment compensation.

They are the disabled, the blind, the ill.

They are people for whom society, through Government, has already established programs of

aid. THESE ARE THE people who are now receiving surplus foods from the Government — mostly corn meal, flour, dry skim milk and rice. Sometimes they get a little butter and cheese.

Under a food stamp program, these welfare recipients would walk into grocery stores and buy foods just like any other customers. The grocery would stock the surplus food and the welfare clients would buy it, using food stamps for partial or total payment, according to the type of plan. The Government would be cooperating, instead of competing, with the established private enterprise food industry.

WHEN MORE nutritious foods like eggs and meat, fruit and vegetables were in temporary surplus supply, the Secretary of Agriculture could distribute stamps to be used for the purchase of such designated foods, thereby avoiding present Government purchases of these seasonal surpluses and the consequent storage and distribution problems.

I am confident that the American people do not want to neglect the needy among us.

ALTHOUGH THE Senate approved my pilot food stamp program proposal, the House version of a broader permissive food stamp program was finally adopted and has become law. Under this law, it is up to the Secretary of Agriculture to decide whether or not he shall institute any type of food stamp plan.

The Secretary of Agriculture has already stated that he shall not use the authority to do this. A great many people will be disappointed by this decision.

WARNER ANDERSON, who plays Lt. Ben Guthrie on "The Lineup" (CBS Television Network, Wednesdays, 7:30-8:30 p.m. PST) has an acting background that dates back to World War I. He made his debut as the grandson in the original Broadway play "Maytime," and soon after was touring the country with Laurette Taylor in a stage production of "Happiness." In "The Lineup," Anderson portrays Lt. Ben Guthrie, a detective who has seen about everything there is to be seen, but retains his basic humanity and a faith that man is good.

# 'Paradise' Star Criticized by All

By VERNON SCOTT  
UPI Hollywood Correspondent  
HOLLYWOOD (UPI) — Never before has a fledgling actor taken the critical abuse and scorn being heaped on young Gardner McKay, star of the new TV series, "Adventures in Paradise."

National magazines, newspaper critics, local trade papers all rapped McKay as the worst actor in history — or pretty close to it.

THE BOMBARDMENT was universal. Kindest observation of McKay's performance, after only two shows had been aired, was advice that he take acting lessons.

Gardner has two things going against him. First, he is one of the handsomest guys ever to set foot on a soundstage. He's almost too pretty to be walking around. In fact, as one feminine visitor to the set exclaimed, "He's gorgeous!"

THE SECOND drawback is a terrific publicity campaign, topped by the cover of Life Magazine several months ago. It would have been difficult for any actor to live up to the advance billing.

It so happens the muscular newcomer isn't a prefab Sir Laurence Olivier. Yet neither is he exactly a Huntz Hall.

Receding from the maelstrom of critical blasts, McKay stood his ground.

"I'M A GOOD actor — I'm convinced of it," he said on a set at 20th Century-Fox studios. "Some of the criticism was pretty rough. I like some of the stuff the critics wrote. It was amusing, and some of it was even constructive. Most of the raps are polite reaction."

McKay refused to define "polite reaction," but added, "I'm not as bad as they say I am."

From the tone of his voice one could surmise nobody could be that bad.

If his performances aren't up to Academy Award caliber, Gardner feels it is because he is suffering from overwork.

"IT'S A QUESTION of time," he explained. "I'm the first person to arrive on the lot in the morning and the last to leave at night. My working day averages 12 hours, and I'm in nine out of every 10 scenes."

"There's not enough time for me to study the script and interpret what I'm doing. But I think I am improving bit by bit, learning something every day."

## Television in Review

# ALLEN APPEARS TO BE IN TROUBLE

By FRED DANZIG  
United Press International  
NEW YORK (UPI) — Steve Allen has gone through three shows so far in the new season and he appears to be in trouble.

His Sunday night hours on NBC-TV are remembered as wild, fresh, unpredictable affairs that usually offered comic inventiveness blended with artistic, fairly original production numbers. Of course, some of Allen's Sunday hours missed fire, but the quality average was high.

ALLEN HIMSELF used to break up at the antics of his sidekicks, Louis Nye, Don Knotts, Tom Poston, Gabe Dell, Pat Harrington Jr., and Dayton Allen. The shows also spoofed so-called "sacred cows." It was a swinging sort of thing.

And now he's on Monday night. The hour is considerably toned down. The boys aren't doing new things; only routines that served them last season. The comedy sketches are a few beats too long and the crispness is missing.

STEVE HIMSELF doesn't seem relaxed. He's not laughing very often as he tries to serve up too many laughs. Monday night there were five separate comedy segments, and none could be called extraordinary. That's not Allen's usual average.

The major comedy effort Monday night was a sketch showing how TV producers try to come up with new gimmicks to make Western seem different. Guest star Lee Marvin played a frontier marshal straight, then as a hipster, an Englishman, and finally, as Ed Murrow. Louis Nye and Gabe Dell also varied their roles as badmen accordingly. It was a skit that needed some new gimmicks itself.

FOR EXAMPLE, when Dell was dressed as Bela Lugosi, we knew that he would be going after someone's jugular before long. He did it on Sundays and it was good for laughs. On Mondays, it's not as funny any more. What's the answer? I don't think it has much to do with the night of the week, the time of night, the sponsor or Allen's switch from New York to Hollywood.

I think it's just a question of getting stale. Fresh comedy ideas are needed if this hour is to be the superior comedy program it once was.

THE CHANNEL SWIM: Joan Crawford goes Western in an upcoming Zane Grey Theater episode on CBS-TV. Filming begins this week.

Lisa Kirk is the latest addition to the "Music From Shubert Alley" special that will be seen on NBC-TV Friday, Nov. 13. She joins host Andy Williams, Alfred Drake, Doretha Morrow, Betty Comden and Adolph Green.

## Push-Button Cargo-Loading Set for April

SAN PEDRO UPD — Push-button cargo-loading will be initiated at Los Angeles Harbor next April when a \$1,850,000 container terminal is dedicated, it was announced yesterday.

Bernard J. Caughlin, general manager of the municipal port, said when the facility was completed it would enable one man to lift container vans-holding 20 tons of cargo-from wharf to ship.

The containers-24 feet by 8 feet-will be packed at the shipper's plant or warehouse and hauled to the terminal on special trailers. A crane will place the packed containers on board the ship.

## Fire Destroys School Rooms

CARPENTERIA (UPI) — A fire broke out early today at Carpenteria Union High School and gutted several rooms before it was controlled.

## REALTORS HEAR TREASURER'S TALK

"The real estate and construction industry has recently seen a tightening supply of mortgage money, which has been felt in California somewhat more than in the Nation generally," said Mrs. Ivy Baker Priest, treasurer of the United States at a general session meeting of the 53rd annual convention of the California Real Estate Association last week at the Philharmonic Auditorium in Los Angeles.

A capacity audience of 2,500 heard Mrs. Priest's address. More than 4,500 Realtors representing 164 real estate boards throughout the state are attending the convention of the 30,000-member association.

"A RAPIDLY GROWING area like this tends to be a region of monetary shortages, since rapid growth involves a heavy demand for investment funds and bank credit for many uses, exceeding the supply of local savings," said the Treasurer.

"Construction financing must therefore depend to a considerable extent on savings originating in other sections of the country. As a consequence, the available funds in the area tend always to be rather fully employed, hence any restraint on bank credit tends to affect Realtors and builders in such an area rather quickly."

SHE SAID THAT the current monetary tightness brought on by an abnormally heavy demand for bank credit and investment funds throughout the United States is beginning to have a noticeable effect on commitments for new construction. Mrs. Priest said that many have viewed with concern the leveling out of new housing starts in the United States in recent months, but she pointed out that housing starts in August were still the highest on record for that month, with the one exception of 1950.

Mrs. Priest said it should be recognized that this is not an unusual development, for in recent times a slackening in housing construction relatively early in a business boom has become a usual pattern.

The fact that the World Series was playing in Los Angeles and he was vacationing in Aberdeen, Wash. didn't phase Desert Hot Springs resident Ole Utheim at all. Mr. and Mrs. Utheim, who have been on vacation since Aug. 3 are expected back in town about Oct. 20.

## COMMERCIAL JETS CRITICIZED FOR NOISE AND SMOG

LOS ANGELES (UPI) — T. M. Sullivan, deputy director of aviation, Port of New York Authority, says his office is receiving mounting complaints about noise from commercial jet aircraft.

He told the Society of Automotive Engineers last week that many advances have been made on development of noise suppressor devices but they wouldn't fully solve the problem.

"If something isn't done about the noise problem, it may jeopardize the jet age for a time," Sullivan said.

He noted that jets also have caused a smog problem, especially on hot and humid days, from the kerosene fuel used by the planes.

## Sound Lauds Federal Aid To Small Biz

\$1½-Million Given Small Businesses in Riverside County

In the two and one-half year period of Jan. 1, 1957, to Sept. 30, 1959, nearly \$1½ million in Small Business Administration loan funds was injected into the business economy of Riverside and Imperial Counties, Congressman D. S. Saund said today.

This money — \$1,403,627, to be exact — was distributed in the form of business loans to 31 firms which could not obtain private financing for the operation, improvement or expansion of their businesses.

THEY APPLIED TO Donald McLarnan, regional director of SBA in Los Angeles. McLarnan studied their problems and their qualifications and approved the loans.

With the loan funds, the firms went ahead. Not only did they benefit, but so did their communities, as well, from the increased business activity that resulted. The prosperity of the entire 29th District also was enhanced by the transfusion of more than a million dollars into its economy, Saund said.

THE SBA AUTHORIZES business loans to retailers, wholesalers, small manufacturers, service establishments and other small businesses for the following purposes:

- Business construction, conversion or expansion.
  - The purchase of equipment, facilities, machinery, supplies or materials.
  - Working capital.
- The SBA cannot make a loan if private financing is available on reasonable terms. Also, under an SBA loan, the borrower must meet necessary credit and other requirements, Saund added.

The maximum amount which may be borrowed is \$50,000, for a maximum term of 10 years, at 5½ per cent interest.

## Fall Rally Set For Village's Lutheran Women

The Palm Zone of the Lutheran Women's Missionary League will stage its fall rally here Friday at Our Saviour's Lutheran Church.

The program, scheduled to start at 10 a. m., features a business meeting, a report on convention activities and district projects, luncheon and afternoon talk by Rev. Hugo Warnke, of Indio.

Rev. Warnke will discuss "The Drama of the Lutheran Liturgy" and Rev. Walter Reuning, pastor of Our Saviour's, will present a program of church organ music.

Mrs. Edward Dueker, of Corona, will preside at the business session and Rev. Elroy Schoppa, of Twentynine Palms, will lead the opening devotions, discuss the theme for the day, "Be Ye Doers of the Word" and offer the closing prayers.

Mrs. Walter Rosenbrock, of Ontario, is scheduled to report on district news and business. She is Southern California District president of the league.

## Jet Fighters To Fill Skies Over Florida

PANAMA CITY, Fla. (UPI) — The skies over northwest Florida will be filled with jet fighters competing in the seventh annual Air Force world wide weapons meet starting Wednesday.

For the past week, jet interceptors of the Air Defense Command have been "shooting down" Air Force B37 Canberra jet bombers daily.

Fortunately for the bomber crews, all the "shooting" was done with instruments, and not with rockets and guided missiles.

## Woman Gets Jail For Embezzling

LOS ANGELES (UPI) — A Riverside woman began serving an 18-month term in federal prison today for embezzling \$8,447 from the March Air Force Base post exchange.

Mrs. Jacqueline Christine Miller, 36, was sentenced Monday by District Judge William M. Byrne. Mrs. Miller, a former cashier at the post, pleaded guilty to the charge.

VILLAGER FRANK SHAW, a Navy commander and commanding officer of an aircraft squadrons at the Miramar, San Diego, Naval Air Station, is pictured with his family in their home at Miramar. Pictured with Shaw are his children, Kevin, Casey and Kimball and his wife, Helen.

## VILLAGER HEADS SEAPLANE GROUP

Navy Commander Frank Shaw, son of Mr. and Mrs. Ted Shaw, of Palm Springs, is currently commanding an aircraft squadron at the Miramar Naval Air Station seaplane base near San Diego.

Shaw, a longtime resort resident, is living at the base with his wife, Helen, and three sons, Kevin, Casey and Kimball.

A VETERAN aviator, Shaw has been a flier since graduation from UCLA in the late 1930's. Prior to the United States entry in World War II, he served as an instructor with the Royal Canadian Air Force Eagle Squadron at Vancouver, B. C.

He transferred to the U. S. Navy immediately after Pearl Harbor

and later saw duty as a Naval test pilot, ferrying aircraft to fighter planes to ships at sea.

HE WAS AIR operations officer on an aircraft carrier during the Korean conflict. Shaw recently headed a formation of Navy A3D jets to Vancouver, B. C., as the Navy's entry in a Canadian Air Show commemorating the 50th anniversary of powered flight.

His parents live at 275 Mountain View Place in Palm Springs.

## 80 PER CENT OF ALL AILMENTS SAID PSYCHOSOMATIC

WASHINGTON (UPI) — A noted Canadian psychiatrist reports that 80 per cent of all ailments were psychosomatic and could be treated under hypnosis.

But Dr. B. B. Raginsky also warned that use of hypnosis "is meat for the charlatan" because it is "so easy to induce."

Raginsky is president of the International Society for Clinical and Experimental Hypnosis. He said there are quacks who "are poorly motivated" in their use of hypnotic therapy either "to show a sense of power or to correct inadequacies in their own field of competency."

## Surgeon General Gives Warning On Influenza

WASHINGTON (UPI) — Surgeon General Leroy E. Burney has urged four groups of people in particular to get influenza vaccinations before the flu season starts.

Burney said that the predominant type of flu this fall and winter probably will be the Asian strain rather than "influenza B" which was the major trouble-maker last year.

THE PUBLIC Health Service, he said, didn't anticipate any big flu epidemics but vaccinations should be obtained from family physicians for persons in the following groups:

Those for whom the onset of influenza might represent an added health risk, such as individuals with cardiovascular or pulmonary conditions, persons over 55 with a chronic illness of any type, and pregnant women.

PERSONS RESPONSIBLE for care of the sick.

Persons who provide essential public services, such as policemen, firemen, and transportation and communications workers.

Burns also will hold preliminary meetings with Exalted Ruler William M. Olsen and lodge trustees.

## Scenery Ain't Much When You're Riding a Submarine

Editor's Note: The writer of this dispatch was one of 20 newsmen who took a trip to sea aboard the U.S. Skipjack, the world's fastest nuclear-powered submarine.

By JAMES L. KILGALLEN

The scenery isn't much when you're riding under water in a submarine, but the experience is novel and interesting.

Take our 12-hour trip Wednesday on the atomic submarine Skipjack to a point in the Atlantic 70 miles south of Montauk Point.

A PEA-SOUP morning fog hung over the harbor at New London when we boarded the submarine at 9 a.m. The ship looked dark and sinister with its blunt-nosed football-shaped hull devoid of all superstructure.

This contour is what makes the Skipjack hydrodynamically superior to other submarines.

Cmdr. W. W. Behrens Jr., of Harrisburg, Pa., the skipper, welcomed us aboard. We shoved off to sea, and all hands went below into a maze of electronically-equipped machinery.

THREE HOURS later we were out far enough at sea to submerge. They were going to demonstrate the ship's maneuverability.

The captain, on the bridge, instructed the officer of the deck to dive the ship. The diving alarm sounded — two blasts. Down we went.

In three minutes we were below 400 feet. Then we started to maneuver.

THE SHIP TURNED at a

sharp angle, rolled a bit, turned back at another angle, pitched and plunged, and had the newsmen and members of the crew hanging on to anything in sight. You had the sensation of riding

on a roller-coaster at an amusement park.

It was a relief when the captain ordered a change to a new "steady depth" course. Everybody relaxed.
